MYAERO SUMMIT 2026

Advancing Aerospace.
Inspiring Innovation.

MyAERO Summit 2026 solidified its status as Malaysia's premier aerospace exhibition, uniting the entire ecosystem under one national platform. Over three days, the event drew 23,030 visitors, 163 exhibitors from 11 countries, and 40+ international speakers, backed by four ministries and 30+ strategic partners.

The summit spanned commercial aviation, MRO, manufacturing, defense, and advanced air mobility, while co-located programs like MyAERO Challenge, MyDrone Expo and the Selangor Aerospace Forum drove ecosystem-wide impact.

Bringing together senior government leaders, global players, and academia, it served as a vital hub for regional collaboration, innovation, and talent development.

MALAYSIA AEROSPACE SUMMIT 2026

➤ INDUSTRY LUMINARIES

Capturing Key Moments, Strategic Engagements, and Industrial Synergy

MyAERO Summit 2026 officially commenced at The Malaysia Agro Exposition Park Serdang (MAEPS), officiated by YB Tuan Sim Tze Tzin, Deputy Minister of Investment, Trade and Industry (MITI). The ceremony was further honoured by the presence of YAM Tengku Panglima Besar Selangor, Tengku Abdul Samad Shah Alhaj, as the Guest of Honour, alongside Leftenan Jeneral Dato' Mahadzer bin Amin TUDM, Panglima Wilayah Udara 1, Royal Malaysian Air Force (RMAF).

The high-profile gathering welcomed ambassadors, diplomatic corps, senior officials from federal and state ministries, government agencies, the Malaysian Armed Forces, industry associations, aerospace agencies, and academia. They stood alongside chairmen, chief executive officers, managing directors, and senior executives from leading local and international aerospace organisations solidifying the summit's status as Malaysia's premier gathering for the aerospace sector.

➤ OPENING ADDRESS

What truly makes Malaysia special is our strong aerospace community and our ready-built business parks. Today, Malaysia is home to about 250 aerospace companies that bring in RM32.5 billion in revenue. This success comes from two main activities: first, our world-class maintenance and repair hubs that fix top-tier airplane engines, and second, our advanced factories that build major parts for global brands like Rolls-Royce.

YB Tuan Sim Tze Tzin
Deputy Minister of Investment,
Trade and Industry (MITI)

➤ NAICO CEO'S POST EVENT REVIEW

"The MyAERO Summit 2026 has marked a defining milestone for Malaysia's aerospace industry, emerging as our largest and most impactful edition to date. With 163 premier exhibitors from across the global aerospace value chain, the summit has reinforced Malaysia's position as the nation's leading platform where innovation, investment, technology and strategic collaboration converge to shape the future of aerospace.

One of the summit's most inspiring achievements was the MyAERO Challenge 2026, which brought together more than 800 participants from schools, universities, TVET institutions and industry. Their engagement in solving complex challenges related to engine design, autonomous systems and sustainable aviation reflects the tremendous potential of Malaysia's future aerospace workforce. This strong participation demonstrates that developing world-class talent through innovation and hands-on experience is fundamental to building a globally competitive aerospace ecosystem.

The successful formalisation of 40 strategic Memoranda of Understanding (MoUs), together with strong business engagements throughout the summit, further strengthens Malaysia's reputation as a trusted and resilient aerospace hub in the Asia-Pacific region. Building on the nation's established strengths, particularly in Maintenance, Repair and Overhaul (MRO), which contributes approximately 40% of Malaysia's aerospace industry revenue, we are now accelerating our transition into higher-value activities across advanced manufacturing, aerospace digitalisation, research & development, space technology and next-generation aviation solutions. These partnerships will serve as vital catalysts for long-term investment, technology transfer and sustainable industry growth.

Looking ahead, the future of aerospace will be driven by digital transformation, artificial intelligence, automation, advanced air mobility (AAM), unmanned systems, sustainable aviation fuels (SAF) and net-zero aviation technologies. Malaysia has the opportunity not only to participate in these global trends but to become a regional leader in developing and commercialising these emerging capabilities. Through strong collaboration between government, industry, academia and international partners, we are laying the foundation for a more innovative, sustainable and globally connected aerospace ecosystem.

At NAICO Malaysia, we remain committed to advancing the Malaysia Aerospace Industry Blueprint 2030 (MAIB 2030) by fostering strategic investments, strengthening local capabilities, nurturing future talent and accelerating technology adoption. The success of MyAERO Summit 2026 is not simply a reflection of what Malaysia has achieved today, it is a clear signal of our nation's readiness to lead the next chapter of aerospace development. Together, we are building an aerospace ecosystem that will create high-value jobs, drive economic growth and position Malaysia as a recognised aerospace powerhouse for generations to come."

VIP TOURS

YAB Dato' Seri Anwar Ibrahim
Prime Minister of Malaysia

Tengku Abdul Samad Shah Alhaj
Ibni Almarhum Sultan Salahuddin
Abdul Aziz Shah Alhaj
YAM Tengku Panglima Besar Selangor

YB Tuan Sim Tze Tzin
Deputy Minister of Investment, Trade
and Industry (MITI)

Datuk Dr. Mohammad Yusof Apdal
Deputy Minister of Science, Technology
and Innovation (MOSTI)

A central highlight was the high-profile VIP tours across the exhibition floor, underscoring the summit's national prominence and strategic regional value.

Among the distinguished dignitaries hosted during the summit were:

YBhg. Dato' Captain Norazman Mahmud,
Chief Executive Officer, Civil Aviation Authority of Malaysia (CAAM)

YBhg. Tan Sri Dato' Sri Affendi Buang,
Former Royal Malaysian Air Force General & Advisor for Borneo
Business Connect Sdn Bhd

YBhg. Dato' Sri Ibrahim Ahmad,
Chairman, Universiti Tun Hussein Onn Malaysia (UTHM)

YBhg. Dato' Gs. Haji Azlikamil Napih,
Director General, Malaysian Space Agency (MYSA)

Their presence underscores robust government endorsement, cementing MyAERO Summit 2026 as the premier national platform bridging policy, manufacturing, and aerospace innovation.

Leftenan Jeneral
Dato' Mahadzer bin Amin
Panglima Wilayah Udara 1

EXHIBITOR FEEDBACK

Voices from the Floor: Strategic Perspectives on the 2026 Experience

AHMAD ZUHAIRY MUHAMMAD

Head, Business Development & Program Management, UMW Aerospace Sdn Bhd

MyAERO Summit 2026 was a significant improvement compared to previous editions. The event attracted stronger industry traffic and a more international audience, with participants and industry representatives from multiple countries, creating a more dynamic business environment. The structured business matching sessions and networking opportunities enabled meaningful discussions and opened doors for new collaborations across the aerospace value chain. The summit provided an excellent platform for engaging with key industry players and exploring future opportunities.

For UMW Aerospace, the event was highly productive as we successfully held discussions with several potential business partners, including Boeing, IHI, Safran, HAECO, and COMAC. These engagements have strengthened our confidence in the value of MyAERO Summit as a platform for business development, partnership building, and industry growth. We look forward to participating in future editions.

SHABUDIN MD SAMAN

Managing Director, Feiran Technology Sdn Bhd

We believed the event had a good crowd size, our booth location is excellent, the design of the booth is top notch and last but not least, we are finally given the much deserved attention as a Platinum Sponsor. Special mention to the Opening event recognized to be on stage, all the news articles and the interview with Awani Pagi.

All in all, we believed it was a money well spent event!

DATO' HJ. NAJMUDDIN SHARIF BIN SARIMON

Chief Executive Officer, Invest Negeri Sembilan

Invest NS has a remarkably valuable experience participating in this year MyAERO Summit expo, particularly as this marks our first appearance at the event. For the 2026 edition, Invest NS together with NS Corporation partnered with our esteemed industrial park developers, Seri Pajam Development Sdn. Bhd., Matrix Concepts Holdings Berhad, Eco World Development Group Berhad and Sime Darby Property Berhad. Together under the Negeri Sembilan Pavilion, we successfully showcased our state's premier investment opportunities within the Aerospace industry.

By assembling key industry leaders, the MyAERO Summit 2026 provided exceptional networking opportunities, allowing us to effectively promote Negeri Sembilan to potential investors. Furthermore, the outstanding support from NAICO, the event organizer and their dedicated event staff ensured our booth operations ran seamlessly throughout the three-day event. We eagerly look forward to an even more exciting program and the presence of top-tier exhibitors at next year's edition.

EXHIBITOR FEEDBACK

Voices from the Floor: Strategic Perspectives on the 2026 Experience

MIKE CREED

Managing Director, JAG Helicopters Sdn Bhd

I would like to thank MyAERO team for assisting us so nicely prior to, during and after the MY AERO 2026 SUMMIT.

My need was complex as we were placing our Robinson R66 Helicopter into the Exhibition Hall which needed special handling prior to the show, during the show and after the show. We found the whole My Aero team, to work tirelessly to accommodate our requests. We received great PR during and after the show and met many new clients. In All this was a great success.

HAZWAN HARON

Head of Branding & Marketing, Aeronas Aerocraft Sdn Bhd

MyAeroSummit 2026 proved to be an excellent platform for the local aviation and aerospace industry. As an exhibitor, we found the summit well-organised, with strong industry engagement and meaningful networking opportunities that connected us directly with key players, partners, and enthusiasts within the Malaysian aerospace ecosystem.

everything was executed to a commendable standard, and we look forward to returning for the next edition. Well done to the organising team!

NORHIZAM IBRAHIM

Executive Director, Malaysian Investment Development Authority (MIDA)

The MyAERO Summit stands as a strategic catalyst in positioning Malaysia as Southeast Asia's premier aerospace and future mobility hub. By unifying federal investment frameworks with state-level execution alongside NAICO Malaysia and Invest Selangor, this platform directly connects global Tier-1 OEMs with our domestic engineering ecosystem. MIDA remains committed to facilitating high-value CapEx investment & deployment, closing critical aerospace supply chain gaps, and building a future-ready industrial workforce under NIMP 2030.
